

Cubes

Candor in Openness.

deblick

A bubble of intimacy

In an open work space it is easy to quickly share a few thoughts with a colleague. Some thoughts however flourish better in a little more privacy. Cubes provide the room to hear yourself think, to share your thoughts in confidentiality, and to have work sessions with colleagues. A bubble of intimacy for candor and focus.

The divine details

Frame

80mm, recycled aluminium frame in accordance with EN-486. Standard colours RAL7035, 9010, 9005 – please contact us for special requests.

Acoustic filling

Inside 30mm acoustic materials, 19mm air gap;
Outside 15mm all natural sheep's wool.

Lighting

Including 2700K LED light source – please contact us for special requests.

Upholstery or Veneer

A list of fabric colours is included in the Material List – please contact us for special requests. Createx printed upholstery (picture, corporate identity): DIN EN 13501-1.

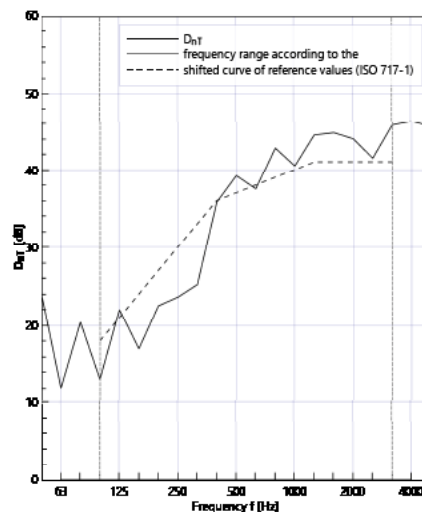

The outside of Cubes can be laminated with high quality premium veneer in all requested wood types.

Fire retardancy

Wool is naturally fire retardant. For the combustion of wool, 25,2% oxygen is needed. The air we breathe contains only 21% oxygen on average, which makes the material flame extinguishing. The flash point of wool can only be achieved at a temperature of circa 580°C.

Air circulation

All Cubes are fitted with a mechanical air intake and exhaust providing a 105 - 1300 m³/hr air refreshing flow rate depending on Cube model. Please contact us for details.

Optional

At request, Cubes can be fitted with:

- Sprinkler preparation
- Smoke alarm preparation
- UTP, extra power sockets, TV sockets
- Whiteboards
- Dynamic Lighting
- Please contact us for special requests
