Cube Chat Focus

Designed for **focused work**

Cube Chat Focus creates a comfortable place for concentrated tasks, video calls and individual work. Acoustic comfort, fresh air circulation and integrated lighting support productivity within the open workplace.

Designed as part of the interior
Cube Chat Focus integrates seamlessly into the architecture and interior, enhancing the workspace both visually and acoustically.

Optimised for informal meetings
Designed for concentrated work, video calls and focused tasks, Cube Chat Focus provides a comfortable environment with fewer distractions.

Part of the overall workspace
By adding dedicated focus spaces, Cube Chat Focus reduces distractions and supports a healthy balance between collaboration and individual work.
