Cube One+

Designed for **flexible focus**

Cube One+ creates a comfortable personal workspace for seated and standing work, video calls and focused tasks. With more room, adjustable working options and integrated technology, it supports productivity throughout the day.

Designed as part of the interior
Cube One+ integrates seamlessly into the architecture and interior, enhancing the workspace both visually and acoustically.

Optimised for flexible working
Designed for seated focus, video meetings and individual tasks, Cube One+ provides the space and comfort needed for longer, more productive work sessions.

Part of the overall workspace
By adding dedicated individual workspaces, Cube One+ reduces distractions and supports a healthy balance between concentration, communication and collaboration.
