Cubes

Designed for **focus, privacy and comfort**

Our Cubes create a place within open offices, not just visually, but functionally. They combine acoustics, air circulation and design flexibility into one integrated solution enhancing both the look and performance of the workspace.

Designed as part of the interior
Cubes blend seamlessly into the overall design, matching colours, materials and architecture.

Responsible materials
Made with carefully selected materials that contribute to a healthy and sustainable workspace.

Circular by design
Recycled aluminium frame and renewable materials support long-term value.
